

May 2017 - Emergency Assistance

Last month, our board submitted four nominations for Emergency Assistance, all of which were unanimously approved. Here is a quick description of how we were able to make a positive impact on our community.

Olivier Kamndon

Olivier is a husband and a father of eight children, who was hit by a car last month, leaving him in a coma. He was the sole income for his family, while his wife cares for their children, one of whom has cerebral palsy. The family needs help while Olivier recovers, which could be some time. We wrote a check to Lutheran Family Services, who are helping to handle the family finances during this troubling time.

Mireya Mueller

Mireya is the proud mother of an ex-Marine, who is battling severe post traumatic stress disorder. He recently had an episode which left her home wrecked and all the windows on her vehicle broken. We wrote a check to help with the cost of replacing her car's glass. Our thoughts are with you, Mireya, and your son.

Cheryl Vigil

Cheryl has been suffering medical problems, which recently put her in the hospital for a week. Medical bills have put a strain on the family finances,

and on top of that, she needs her wife to take some time off work, to help her recover, while she relearns how to walk and care for herself. We wrote a check to help with rent for this month. Best wishes for a speedy recovery, Cheryl.

AHS Football

Head Football Coach Timothy Johnson has been coordinating an effort to provide an inflatable blowup tunnel for the team, in order to help the school show pride in the team and boost morale of the players. They plan to use the tunnel at all games and school functions, as well as for the youth feeder football programs in YAFL. Budget cuts across the district mean the team has to fundraise through donations from the community. We wrote a check to the fund for the tunnel, and we can't wait to see it in action. Thank you for working to build your school community, Timothy.
